Headteacher: Mr Harry Sperring

Using the School Library: Home/School Agreement

Our children have the exciting opportunity to borrow books from our school library. We hope that we can work together to provide valuable reading opportunities for our children by allowing them to borrow books they have chosen. As part of learning how to use the school library properly and so that we can look after this fantastic resource, our aim is that we will support each other in the following ways:

- **By ensuring that the books are treated with respect and that we take good care of them.**
- **By returning books that we have borrowed promptly and in good condition.**
- **By understanding that books are a valuable school resource, an important part of education and something we can enjoy.**

Due to the on-going commitment to develop and update the library, it will be necessary to charge families the cost of replacing lost or seriously damaged books. Information will be sent home from our Librarian with your child and payment will be requested via Parent Pay.

All our books are checked before they are sent home to ensure they are in a good condition. If you feel your child has received a book that has been damaged in any way before they were issued with it, please bring it to the office straight away so that you are not charged for the damage.
