

Steeple Claydon School Agreed Vision and Values

In order to achieve our vision of..

'Giving every child the chance to shine,'

..here at Steeple Claydon School we are:

Nurturing compassionate, responsible and aspirational citizens within the community and beyond.

Providing a tailored curriculum which hooks, challenges and inspires everyone.

Working together to craft active and creative learning opportunities.

Creating fearless and collaborative lifelong learners.

Encouraging everyone to look smart, be smart and **shine**.

The values we hold and teach our pupils are listed below. Each class 'owns' one of the values, studying what it means and trying to grow in their ability to demonstrate it in particular throughout the year.

Through our chosen values (particularly but not exclusively respect), we also promote the key British values of **democracy, freedom of speech, tolerance and the rule of law.**
